

REPORT TO DONORS

Your giving made a difference in FY 2016

The opening of Hoag Hospital Irvine in 2010 was a historic landmark in expanding access to the Hoag experience. Now, six years later, we continue our purposeful growth with the opening of Hoag Health Center Irvine, which brings Hoag's specialized services, technology and advanced care to the Irvine community.

We did it with the generosity of donors like you who foresaw the impact of Hoag's reach beyond coastal Newport Beach. This report is a summary of the impact that you made with your support in FY 2016.

PROMISE**
OUR CAMPAIGN TO LEAD,
INNOVATE & TRANSFORM

State-of-the-Art Linear Accelerator at Hoag Family Cancer Institute within Hoag Health Center Irvine

A Promise Kept: Hoag Health Center Irvine

Hoag Health Center Irvine is a modern and sophisticated health care facility that brings high-quality specialized services and programs to those who live and work in Irvine and surrounding communities. Drawing inspiration from Irvine's comprehensive residential villages, the result is a unique health care village that expands and complements the medical services across the street at Hoag Hospital Irvine and Hoag Orthopedic Institute.

It only takes one couple to inspire many and we are grateful for the foresight and generosity of Ginger and Bob Juneman, who believed in

Hoag Health Center Irvine before it was built. Even more so, they believed in a new model of care built around the patient with coordinated services across related specialties and reduced wait times and costs all under one roof. In recognition of the Juneman's generous estate gift to support the Hoag Irvine campus, Hoag named the Ginger & Bob Juneman Pavilion at Hoag Health Center Irvine.

Philanthropy continues to drive Hoag Irvine's ability to provide easier access to multi-specialty clinics, advanced imaging, urgent care, cancer care, a comprehensive breast center and much more. Highlights include:

REPORT TO DONORS

CANCER

Hoag Family Cancer Institute is on the leading edge of cancer treatment and offers patients a full range of advanced cancer therapies, including access to new investigational treatments, through a special alliance with USC Norris Comprehensive Cancer Center.

HEART & VASCULAR

Jeffrey M. Carlton Heart and Vascular Institute is one of the preeminent cardiovascular centers on the West Coast, achieving international and national accreditation for many of its programs. The Society of Thoracic Surgeons placed Hoag in the highest category for quality cardiac surgery, a rating achieved by only 10 percent of hospitals nationwide.

NEUROSCIENCES

Hoag Neurosciences Institute incorporates the latest diagnostic technologies, treatment modalities and integration of medical specialists to deliver the highest quality care for all complex neurological disorders. The availability of sub-specialists providing treatment for neurological disorders such as epilepsy, movement disorders, stroke/cerebrovascular, memory & cognitive disorders, back pain and brain tumors at Hoag Health Center Irvine brings a multidisciplinary team of experts closer to home.

WOMEN'S HEALTH

Hoag Women's Health Institute is an all-encompassing institute that combines progressive technology with patient education, comfort and exceptional care. Hoag offers nationally-recognized programs in the areas of breast health, gynecological health and maternal child health. WOMANOLOGY is a pelvic floor physical therapy facility designed to support women with pelvic and sexual health in all adult stages of life. RestoreHIM is the male equivalent of WOMANOLOGY, giving male patients proven treatment methods for optimal pelvic floor health.

ORTHOPEDICS

Hoag Orthopedic Institute, a specialty hospital and two ambulatory surgery centers, is the highest volume provider of joint replacements in California. The institute focuses on the treatments of knee, hip and spine disorders and takes pride in specialty care related to sports medicine and orthopedic trauma.

HOAG ADVANCED IMAGING CENTER

Hoag Advanced Imaging Center brings some of the most sophisticated technology in the world to the Irvine community. Hoag was the first in the region to offer the newest state-of-the-art PET/CT scanner with FlowMotion for rapid imaging. This system eliminates the demand for stop and go imaging and allows for a single, continuous scanning of the patient. This provides the finest detailed images in 25 percent less time and with less radiation. The PET/CT scanner is used to accurately diagnose cancer and to evaluate for response to medical therapy as well as to evaluate patients who have memory disorders such as Alzheimer's Disease.

Philanthropy Supports Empowered Patients

Care Coordinator Pilot program at Hoag Health Center Irvine

Patients frequently walk out of a doctor visit with referrals for further testing, treatments or consultations with specialists. Making and keeping these appointments are key to ensuring each patient receives the proper evaluations and care in a timely manner. Checking to see if these services are covered and considered in- or out-of-network by their insurance providers to anticipate any out-of-pocket expenses adds another layer of complexity.

Thanks to the generosity of our donors, Hoag relieved the burden from patients by hiring Care Coordinators at Hoag Health Center Irvine. They assist patients and their families by accessing all of Hoag's services and support programs by:

- Scheduling tests and treatments
- Coordinating multiple appointments among several different departments, programs and specialties
- Assisting with the pre-authorization process and acting as a liaison between the pre-authorization team, physician's office and patient
- Providing patients with itineraries for their care

Courtesy Shuttle

For quality health care to truly be accessible, it must be convenient. The philanthropy-funded, wheelchair-accessible courtesy shuttle transports guests through the entire Hoag Irvine campus, from Hoag Hospital Irvine to Hoag Health Center Irvine and back, and from building to building at Hoag Health Center Irvine. The driver not only transports passengers safely and efficiently, but also ensures patients and family members arrive at their specified destination, giving them greater peace of mind and reducing appointment delays.

Research, Collaboration and Community Education

The Allan & Sandy Fainberg Community Education Center at Hoag Hospital Irvine

Since its opening, the Allan & Sandy Fainberg Community Education Center is the premier resource for public and professional health education. Open seven days a week, the Fainberg Community Education Center hosts health screenings, outreach programs and wellness classes as well as health education programs for medical providers, staff and the community. The Fainberg Community Education Center features advanced technology that, for example, allows clinicians to observe remote surgeries in real-time. This facility attracts physicians and surgeons from around the nation and world who visit Orange County for specialized medical training in the latest surgical methods.

In 2016, the Fainberg Community Education Center hosted

168 patient and community education classes and workshops in parenthood, memory & cognitive disorders, diabetes and more

88 physician grand rounds

86 Hoag employee training sessions

Hoag President and CEO, Robert T. Braithwaite with VIZIO Founder and CEO, William Wang and Vice President, Hoag Hospital Irvine and Hoag Health Center Operations, Marcy Brown.

Hoag Irvine Founding Corporate Partner

VIZIO, one of Hoag Hospital Irvine's founding corporate partners, donated state-of-the-art HDTVs for all of the Hoag Irvine campus, including Hoag Health Center Irvine.

The donated TVs offer patients a comforting experience while they receive treatment. They also allow Hoag to provide educational opportunities to inform patients and clinical staff on a variety of topics from disease prevention to managing chronic conditions.

Thank you

Thank you for your generous support of the expansion of the Hoag Irvine campus. Because of you, Hoag Hospital Irvine and Hoag Health Center Irvine are providing world-class care to the greater Irvine community.
