

FUTURE-FOCUSED

Hoag Innovators' commitment to catalyzing innovation across specialties and service lines has made us an integral partner in Hoag's innovation strategy. Alongside continuing this vital work, Hoag Innovators remains focused on equipping Hoag with a sustainable platform that will advance innovation into the future, heighten our impact, and cement Hoag Innovators' legacy. For this reason, we have set an ambitious goal of reaching a total of \$50 million raised within the next five years. At the time of publishing this report, Hoag Innovators has raised more than \$25 million. Achieving this goal will not only allow for our continued investment in the innovative projects of Hoag's best and brightest clinicians today, but it will also enable significant growth of the Hoag Innovators Endowment Fund, ensuring these investments can continue in perpetuity.

We invite you to consider your role in this next evolution of Hoag Innovators. The following expanded Hoag Innovators membership levels are available to current and prospective members and offer opportunities for further involvement, additional benefits, and greater impact.

***Hoag Innovators at the Influencer and Sustainer levels may obtain a limited number of courtesy Innovator assists each year for friends or family members not already covered under the Benefactor Program. The courtesy Innovator assists are available during regular Hoag Hospital Foundation business hours only and can be requested through a dedicated phone number different than the Benefactor hotline. The service will provide one-time in-patient/out-patient assists and may include physician referrals or hospital visits.
