

Update

2 0 0 3

Thank you, thank you, thank you to all of Circle 1000's donors and supporters who contributed more than \$503,000 for this year. This brings the group's 16-year total to \$5 million, a truly impressive figure.

Contributions from 2003 are being designated as follows:

- **\$400,00 to the Cancer Center Cell Biology Lab, which will help to fund important vaccines and leading edge equipment.**
- **The remainder of our after-expense proceeds will be divided between Hoag Cancer Center endowment and research.**

Each speaker that Circle 1000 has featured in the past 16 years has told a compelling and inspiring message based on their own personal experiences in dealing with cancer, life and its unexpected challenges. This year's speaker, Julia Sweeney, a well-known comedian, writer and actress, gave a heartbreaking account of the loss of her brother to cancer, which ironically occurred at the same time of her own diagnosis of a rare form of cervical cancer. Fortunately, her treatment was successful and at the time of her speech was in remission. Her ability to seek and rely on humor during some of life's most difficult situations helped her to get through a very challenging part of her young life. As always, our tremendous speakers provide us with an enormous amount of inspiration.

Again, we thank you all for your continued interest in our group's important mission and for your tremendous financial support.
